

HALF-FARE ON GREAT

The half fare is a fare discount program for individuals who are 65 or older, or have a doctor-verified disability. This program allows the individuals to ride the regular fixed-route system for half the regular fare. A Medicare card is sufficient documentation for this program. An application is required and once approved, a Reduced Fare Picture ID card is made at the Public Works Department. ID cards are \$3.00. A valid ID card must be presented to the BUS DRIVER in order to ride the bus for the reduced fare.

BIKES ON BUSES

In support of alternative forms of transportation, the entire GREAT fleet is equipped with bicycle racks. The racks are on the front of each bus and fold down for easy use and access. The bike racks carry two bicycles and feature independent loading. Best of all, there is no additional charge for your bicycle; they ride FREE! So if you don't live near a bus stop, just ride your bike to a stop and board there to continue your trip!

SERVICE ANIMALS

Title III of the American with Disabilities ACT (ADA) defines service animals as follows:

Service animals that are individually trained to perform tasks for people with disabilities such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting a person who is having a seizure, or performing other special tasks. Service animals are working animals, not pets. In order to comply with the right of people with disabilities to have equal access to public accommodations, GREAT allows individuals with service animals access to all of its vehicles and offices.

TRAVEL TRAINING

Travel training prepares people with disabilities to travel safely and independently on the fixed route bus system. The Human Service Agency client and Worker training the individual may ride free for this initial training session. Call GREAT for more information at 329-4532.
